

Generic Letter to Friends in the Community

October 2018

Dear _____,

I know that you love this community. If you are looking for ways you can give to organizations which are doing good in this area, we invite you to consider supporting an organization which feeds the hungry, provides tutoring and emotional support to children, nurtures creativity by providing arts camps and hosting arts organizations like Summerstock, and has a call to meet need in the greater Toledo area. First Presbyterian Church does all this and more. We provide counseling and support in times of crisis and need, and an environment where people can nurture their spirituality and think about who they want to be.

We have enclosed a flier which highlights some of our work, and a donation form, should you feel so moved. Thank you for your consideration.
